SUMMER PROGRAMS

EDUCATION & CAREER

JUNIOR NATURALIST educates youth about careers and hobbies in environmental fields, and teaches them to help protect it through nature walks, Garden Club and Recycle Club.

THE sySTEM engages kids in science, technology, engineering and math through fun activities with LEGOs, space clusters, science projects and games.

BIKE REPAIR SHOP teaches youth to safely and properly use tools to fix bicycles, including picking a bike, restoring it and taking it home to enjoy.

MY FUTURE gives members a safe, fun digital platform to showcase their work and earn recognition stars and badges. It's a great way to make friends and build a positive self-image through online achievement.

VIP DOGS/RUFF READERS allows kids to practice their reading skills to service dogs eager to listen. Tuesdays, 2nd-5th grades. Must bring a chapter book from home.

CHARACTER & LEADERSHIP

SMART GIRLS uses dynamic lessons, group activities and crafts to guide girls toward responsible decision-making, healthy relationships and confidence.
